Southern California United Sponsorship Opportunity

Support championship-level collegiate gymnastics, education, and Olympic dreams in Southern California.

Dear Community Partner,

Over the past decades, many college sports have lost support because of rising costs and shifting athletic priorities. Men's gymnastics was hit especially hard in Southern California, forcing too many student-athletes to choose between continuing their gymnastics and Olympic dreams or attending the college that was right for their future.

Southern California United was created to end that choice. Our 501(c)(3) nonprofit program gives college-age gymnasts a serious training and competition pathway while they pursue degrees at colleges and universities throughout Southern California.

Today, this program is no longer only an idea - it is a proven championship-level model. In 2026, Southern California United won the GymACT National Championship, tying with the Rocky Mountain Mavericks for the national title. That success represents years of commitment from athletes, coaches, families, and supporters who believe collegiate men's gymnastics still belongs in Southern California.

Our athletes train around demanding class schedules, travel from different campuses, and represent the discipline, academic focus, and character that gymnastics builds. Their success is historic, but it is also expensive. Competition travel, lodging, uniforms, equipment, training costs, coaching support, and team operations all require strong community and corporate backing.

We are asking your company to help us continue this mission. Your sponsorship directly supports student-athletes who are pursuing college degrees while keeping their gymnastics dreams alive. We would be honored to award your organization the gold medal for supporting these outstanding collegiate athletes.

Sponsorship Impact

- Keeps college-age men's gymnastics alive and visible in Southern California.
- Offsets team travel, lodging, uniforms, competition, training, and equipment expenses.
- Supports student-athletes who balance college, work, training, and competition.
- Strengthens a national template for rebuilding men's collegiate gymnastics outside the NCAA model.

Thank you for considering a sponsorship of Southern California United. Your support makes a direct difference for athletes who are writing the next chapter of collegiate men's gymnastics.

Respectfully,
Heinz Schulmeister
Founder / Head Coach, Southern California United
President, Southern California Men's Collegiate Gymnastics Association
